ANTIQUARIAN BOOKSELLERS

FLORENCE (Italy)

Via di Barbacane, 19.

NEW ACQUISITIONS
OF
OLD SCIENTIFIC BOOKS

OFFERED

AT CONVENIENT PRICES.

On these already reduced prices we allow

a special discount of 15 % .

1. B a u h i n u s, C. De corporis humani partibus externis tractatus hactenus non editus. 8 leaves, 64 pp. Small 8vo. Modern half vellum. Basel, 1588. Swiss Frs. 75.-
F I R S T E D I T I O N . This anatomical text-book was very esteemed in these times. It is divided 'ab capite ad pedem'. We only mention: "Valvula hactenus non demonstrata, in colo intestino, de thorace, de artubus, de tuberculis", etc. - This first edition is rare.
2. B a u h i n u s, C. Externarum humani corporis partium appellationem, descriptionem continens liber primus. Auctior et locupletior. 8 leaves, 151 pp. With Bauhinus' portrait. Small 8vo. Modern half vellum. Basel, S. Henrici Petri, 1591. Swiss Frs. 65.-
Another augmented edition of the preceeding number.
3. S c h m i d, Joseph. (Anatomy in German). Spiegel der Anatomy. 12 leaves, 455 pp. Engraved frontispiece, the author's portrait and 82 anatomical copper plates. 16mo. Old vellum. Augsburg, 1654. Swiss Frs. 58.-
Schmid's anatomical text-book was very popular in Germany in the 17th century and is still of interest on account of the unusually great number of anatomical figures which partly are copies of Vesalius' figures. Complete copies with all plates are rare.
4. A l b e r t i, S. Historia plerarumque partium humani corporis, membratim scripta. 8 leaves, 121 pp., 1 leaf. With three folding plates, four full page woodcuts and 23 smaller woodcuts showing anatomical details. Nice woodcut on the title. 8vo. Modern half vellum. Wittenberg, 1585. Swiss Frs. 160.-
Choul.-Frank p. 217. Douglass 151.
Rare. An uncommon anatomical work and an interesting VESALIANUM. "Alberti was recognized as an industrious anatomist and independent investigator. His Historia partium corporis humani contains about 30 most peculiar illustrations, large and small, in rather crude woodcuts" (Choulant-Frank).
Nice copy!

On these already reduced prices we allow

a special discount of 15 % .

5. R a u l i n, J. Traité des maladies des femmes en couche. 20 pp., 384 pp.
With portrait of the author. Small 8vo. Old calf. Paris, 1711.
Swiss Frs. 12.-
6. (On podagra). P i s t o r i u s, J. Consilium antipodagricum sive de ar-
thritide; das ist Bericht von der Krankheit der Gliedersucht oder Po-
dagra. 7 leaves, 88 pp. Small 4to. Unbound. Halberstadt, 1659.
Swiss Frs. 55.-
A little, but most extensive tract on arthritis by this well-known
German physician.
7. N u c k, A. Operationes et experimenta chirurgica. 4 leaves, 170 pp., 3
leaves. With frontispiece and four plates showing surgical instru-
ments. 8vo. Modern half vellum. Leyde, 1692. Swiss Frs. 38.-
Contains some of Nuck's best works. Deals mainly with dentistry.
8. R a n c h i n, Fr. Tractatus duo: De morbis ante partum, in partu et
post partum. 8 leaves, 320 pp. Old vellum. Lyons, 1645.
Swiss Frs. 22.-
First edition. Deals with diseases before, in and after the pregnancy.
Several leaves stained, somewhat browned.
9. M a t t h i o l i, P.A. Commentarii in libros sex Pedacii Dioscoridis
de medica materia. 50 leaves, 776 pp., 50 pp., 1 leaf. With hundreds
of fine woodcuts showing plants and animals. Two devices. Folio.
Original boards. Venice, 1558. Swiss Frs. 80.-
Pritzel 5985. Choulant p. 76 - 80.
Second greatly enlarged edition in Latin with 133 new woodcuts,
augmented for the first time by the 'Apologia adversus Amathum Lusi-
tanum'. - "In point of the time, the illustrations to the early edi-
tions of Matthioli's Commentaries follow closely on those of Fuchs,
but they are extremely different in style"(Arber). - Insignificant
spots on the title, but an unusually fine and fresh copy. - Scarce !
10. R a m a z z i n i, B. Opera omnia. Acc. vita autoris a Barth. Ramazzini.
7 leaves, 56 pp., 4 leaves, 888 pp., 16 leaves. With portrait of the
author and plate. 4to. Orig. calf. Geneva, 1717. Swiss Frs. 32.-
Contains besides the author's chief work (De morbis artificum diatriba)
the author's life, Orationes, Constitutiones epidemicae, etc.
11. O r i b a s i u s, Commentaria in aphorismos Hippocratis. J. Guinterii
Andernaci edita. 116 leaves. 8vo. Modern vellum. Paris, Simon de
Colines, 1533. Swiss Frs. 38.-
F I R S T E D I T I O N ! Choulant p. 124.
12. (L a n c i s i). F a n t o n i, J. B. Observationes anatomico-medicae.
Acc. Jo. M. Lancisii dissertationes duae, de physiognomia et de sede
cogitantis animae. 8 leaves, 165 pp. 4to. Modern vellum. Venice, 1713.
Swiss Frs. 28.-
First edition. Fantoni's work treats anatomy, especially of hepatics.
Besides this work contains the first edition of two important treati-
ses by Lancisi.
13. O d d o degli O d d i. De coenae et prandii portione libri duo.
36 leaves, last blank. Nice woodcut title-border. 8vo. Vellum: Ve-
nice, Guil. de Fontaneto, 1532. Swiss Frs. 50.-
First edition of a rare dietetical treatise, which is not quoted by
Vicaire. Rare like all works of Oddo in early editions.
14. M a n e t t i, S. Della inoculazione del vajuolo. 12 pp., 272 pp. 4to.
Vellum. Florence, 1761. Swiss Frs. 12.-
Deals with small pox.

On these already reduced prices we allow

a special discount of 15 % .

15. Harvey, W. Exercitationes anatomicae de motu cordis et sanguinis circulatione. Acc. Dissertatio de corde J. de Back. 16 leaves, 285 pp., 9 leaves, 252 pp., 12 leaves. With engraved title and two full-page copper-plates. Small 16mo. Fine original binding of brown calf, gilt arms on both covers. Rotterdam, 1671. Swiss Frs. 265.-
Keynes, Harvey, n° 11. - Excellent copy in its nice original binding.
16. (Harvey). - Scaramucci, G.-B. De motu et circuito sanguinis tractatus iatrophisicus adversus dissertationem logicoemphyricam. 186 pp. 16mo. Old boards. Fermo, 1677. Swiss Frs. 55.-
Rare. First edition! One of the very first Italian works on Harvey's discovery. There are dealt with also the works of De Back, Bartholinus, Schlegel, Molinetti, Rey, Hoffmann, etc. - Some stains.
17. Harvey, Portrait of. Bust only, to right. Oval, at head of an account of him: Plate to Biographical Magazine Pub. Harrison & Co., 1795. 6 x 4,9 cm. Nice copy. Swiss Frs. 11.-
Portraits of Harvey, List of engraved portraits, London, 1913, n° 5.
18. Fallopì, G. Tractatus de compositione medicamentorum. Acc. De cauteriis. 4 leaves, 72 leaves, 12 leaves. With vignette on title, wood-cut initials and printer's device. 4to. Modern half vellum. Venice, 1570. Swiss Frs. 40.-
First edition of this important pharmaceutical work of Fallopì. Some interesting contemporary marginal annotations.
19. Fallopì, G. De simplicibus medicamentis purgantibus. Una cum epistola de utriusque asparagi in medicamentis utilitate et quisnam eorum conservari debent in officinis. 12 leaves, 263 pp., 2 leaves. With nice initials, printer's device (repeated). 4to. Venice, 1566. Swiss Frs. 40.-
The first part deals with pharmacy in general. The second describes largely the various purgative remedies, their properties, use, preparation and falsifications. - Former owner's name on title. Interesting contemporary marginal annotations.
20. Lactantius. Divinarum institutionum libri septem. De ira dei. De opificio Dei (vel formatione hominis). Etc. 12, 328, 10 leaves, two blank leaves, 47 leaves, 1 blank leaf, 48 leaves. Aldus anchors. Stout 8vo. Old limp vellum. Venice, Aldus heirs, 1535. Swiss Frs. 60.-
"Lactantius in this work (de opificio Dei) has treated the subject in comprehensive fashion in its anatomical, physiological and psychological bearings." The various theories upon the origin of semen are largely dealt with; also the determination of sex. "In his psychology Lactantius takes notice of the different theories, and whilst leaning to the assumption that the site of reason is in the head, maintains a sceptical attitude on the subject". - Very interesting annotations partly dated 1563.
21. (Jenner). - Sacco, Luigi. Trattato di vaccinazione con osservazioni sul giavardo e vajuolo pecorino. 224 pp. With full-page portrait of Jenner and four folding plates, neatly coloured by hand. Large 4to. Milane, 1809. Swiss Frs. 80.-
One of the first Italian works of importance on Jenner's great discovery. - The coloured plates are remarkable. - This work is quoted in a recent catalogue for the equivalent of Swiss Frs. 320.-
22. Eustachio, B. Tabulae anatomicae, quas...illustravit notis ac praefatione J.M. Lancisius. Engraved vignette on title (dissection), full-page plate (bust of Cardinal Albani) and 47 anatomical plates. 1 leaf, 28 pp., 79 pp., 5 leaves. Folio. Old vellum. Rome, 1728. Swiss Frs. 75.-

23. Hippocrates. Praenotiones. Interprete L. Dureto. Greek and Latin text. 6 leaves, 578 pp., 27 leaves. Old calf (binding worn). Geneva, 1665. Swiss Frs. 20.-
Cheulant, p.28: "Text und ein sehr geschätzter praktischer Kommentar".
24. Helmont, J. van. Ortus medicinae. Acc. opuscula medica inaudita. 11 leaves, 487 pp., 192 pp., index. Engraved title. Old calf. Lyons, Huguetan et Barbier, 1667. Swiss Frs. 55.-
"Helmont, the founder of the Iatrochemical School, was the first to recognize the physiologic importance of ferments and gases, and his knowledge of the bile, the gastric juice, and the acids of the stomach was considerable" (Garrison).
25. Galenus. De affectorum locorum notitia, G. Copo interprete. 280 and 12 leaves. 24mo. Vellum. (Strassburg), 1527. Swiss Frs. 34.-
Of special interest as containing hundreds of interesting marginal annotations, written by an Italian physician, who quotes some of his contemporaries, as Tagaultius, Guid. Brand, etc. Some waterstains.
26. Gagliardi, D. Anatome ossium novis inventis illustrata. 8 leaves, 109 pp., 1 leaf. With four fine copper plates by Wandelaar, two of which showing the anatomy of the T E E T H. 8vo. Original boards. Leyde, 1723. Swiss Frs. 25.-
Some brownstains.
27. Harris, W. De morbis acutis infantum. Acc. de morbis aliquot gravioribus et de luis venereae origine, natura et curatione. - Ketelaer, V. De aphtis nostratibus seu Belgarum Sprouw. Two parts. 8 leaves, 216 pp., 4 leaves, 44 pp., 1 leaf. 8vo. Modern half vellum. Amsterdam, 1715. Swiss Frs. 25.-
Proksch 1, 124.
28. Hales, St. Statica de'vegetabili et analisi dell'aria. 4 leaves, 368 pp. With 20 engraved folding plates. 8vo. Vellum, Naples, 1756. Swiss Frs. 16.-
Famous work. The author investigates the movement of sap in plants.
29. Fuchs, L. Institutionum medicinae ad Hippocratis, Galeni, aliorumque scripta recte intelligenda libri quinque. 8 leaves, 816 pp., index. 8vo. Original vellum, (worn). Basel, 1572. Swiss Frs. 16.-
Very waterstained, otherwise complete copy.
30. (Fabry of Hilden). - Fontanonus, D. Practica medica. - Fabricius Hildanus. Viginti quinque observationes selectiores chirurgicae. Tractatus de gangraena et sphacelo. 11 leaves, 663 pp. With several woodcuts of surgical instruments. 8vo. Old calf. Frankfurt, 1611. Swiss Frs. 38.-
Fabry's surgical observations are among the most important works of this kind in the 17th cent. - Title mounted, short margins.
31. Dresser, H. De partibus humani corporis. Acc. morborum et medicamentorum appellationes. 8 leaves, 227 pp., 12 leaves. 12mo. Half vellum. Leipzig, 1593. Swiss Frs. 75.-
Rare anatomical work, based, as said in the preface, on Vesalius' and Faloppius' works.
32. Donatus, M. - Horstius, G. De medica historia libri septem. 8 leaves, 751 pp. 8 leaves. With four copper plates. Stout 8vo. Modern half vellum. Frankfurt, 1664. Swiss Frs. 35.-
Donatus' very often reprinted medical history, largely augmented by G. Horst, enumerates many hundreds of medical cases. - Slightly browned, some wormholes on last leaves.

October 1932.
